

CHILD CARE: KINDERGARTEN-6TH GRADE

We are expanding our child care program to accommodate children with various schedules as safely as possible.

Starts September 8

Half day, full day and after school program.

Choose 1-5 days

Children will enjoy a range of activities, including physical activity games, creative movement, arts and crafts, STEAM and more! Led by our highly-qualified child care staff, this program is designed to give elementary school age children a fun and enriching experience.

Following Board of Health guidelines, each classroom can accommodate 15 children with two Rye Y staff (ratio 1:8)

Children may bring in school work to complete during our dedicated homework time. They may log onto their own computer for online learning or a Y computer (if available) to view and submit assignments. A staff member will be available to help, but will not be able to sit next to the child as they will be needed to supervise and assist multiple children.

Safety precautions

- Children will remain in the same group with the same staff for the duration of their time in child care.

- Temperature checks of staff and children before they enter the building as well as lunch time for full day children
- Children will be required to wear masks except during physical activity with social distancing
- Each participant will have an individual bag of supplies to reduce the amount of supplies shared
